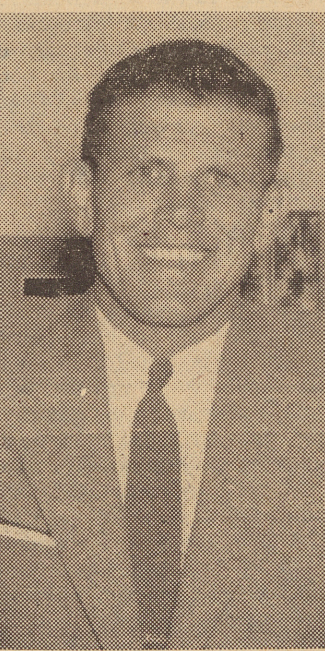
CAMBRIAN, UNION SCHOOLS TOLD TO PLAN MORE SITES

Boards of Trustees of the Cambrian and the Union School Elementary School district are to be shown plans next Thursday evening of ultimate site requirements for some 31 schools including existing ones in the districts which will be needed when under full development there will be 100,000 population, according to Karl Belser, county planning director.



DELOS BAGBY

The boards will take the proposal under consideration and Belser hopes they will adopt it so work can be carried out with various cities that converge on the districts as a set-back protection for the sites as new subdivisions are started thus allowing schools to get their share of the land.

The Bagby school in the Cambrian district is expected to open about January 1, while Steindorf school with half facilities completed will have its other half done also by January 1. The Cambrian School on Casey Road will gradually be turned into a school for 7th and 8th grades.

The next construction probably will be in the area of Foxworthy and San Jose-Los Gatos Road on a ten-acre site purchased about a year ago. Another site being considered is in vicinity of Foxworthy and Union Avenue. Trustees have been alerted they must move fast as the district is growing rapidly. The plan to be presented Thursday will show generally how many and where these facilities should be geographically.

In the meantime, Delos Bagby, superintendent of Cambrian School district is studying a map showing both Cambrian and Union districts in which an ultimate of 24,300 families will reside representing a total of 100,000 population of which 7535 students may enroll in Cambrian schools and 12,145 in the Union district schools in the grammar school level. Additional high schools would likely be needed. In this plan, Camden would have ten schools enrolling from Kindergarten to sixth grade and two schools enrolling 7th and 8th grade only, while at Union there would be 13 schools enrolling kindergarten through 5th, and six enrolling 6th through 8th grades. Present enrollments in these two districts, Bagby said is 1675 in Cambrian and 1200 at Union.

Area of the two districts extends from Campbell avenue on the north, Orchard and Kirk on the east, Los Gatos Creek on the west, Noddin Avenue, Loma Vista, Shannon Road and East to Ross Creek.

Steindorf, Bagby Schools Are Both On Double Session

Daily enrollment in Cambrian Schools continues to rise even after opening day record of 1643 students. District Supt. Delos Bagby reports that the building program is on schedule and that the additions to the Steindorf School and construction of the Bagby School should be completed by the first of the year. Because of the tidal wave enrollment, Cambrian District Trustees are holding a bond election in November to provide the monies for the completion of Steindorf and Bagby Schools and to finance the construction of additional schools. Both of the schools are on double session and added classroom space is needed.

Two new busses have been purchased and will be delivered tomorrow.

The regular meeting of the Cambrian Men's Club was held Tuesday, Sept. 20th in the Cambrian Youth Center. New teachers and members were introduced. Plans for the forthcoming fall show were discussed. Pres. Guy Gibbs tendered his resignation due to ill health. Men's Club meetins are held at the Youth Center on the 3rd Tuesday of each month at 8:00 P. M.

Rotary Travels Faster Than Sound

The program of the Campbell Rotary Club meeting of September 25th featured the subject, "Traveling Faster Than Sound", which was discussed by Mr. George Cooper, Chief Aeronautical Research Pilot from Moffett Field's Ames Laboratory.

A colored moving picture was shown, depicting experimental aircraft operating in the faster than sound area. The picture showed the X-1 and other later experimental types in operation. Mr. Cooper stated that once having passed the sound barrier, the next operation anticipated is the problem of high heat in aircraft travelling faster than sound.

Solicitation of business firms in Campbell and in the Cambrian and Quito district for contributions to the 1955-56 Campbell Red Feather Campaign will start Monday, two weeks in advance of the general residential Community Chest appeal, George B. Kemp, chairman, announced last night.

At the same time, Kemp announced that Delos Bagby, superintendent of the Cambrian School district, will serve as chairman of the school division of the campaign.

Plans for the annual Chest canvass were completed at a meeting of campaign leaders last night in the central office of Campbell high school district.

The beginning of business solicitation Monday will be the first of three successive steps in the Campbell Red Reather campaign, Kemp explained.

School solicitation will get under way the following Monday, Oct. 10, and the general campaign will kick off Monday, Oct. 17.

Chairmen of the business drive are David E. Farley, Campbell; Henry Jewell, Cambrian Corners; Roland Risso and Thomas Daugherty, Cambrian Park; and Paul Basham, Quito. Over 225 business firms are to be canvassed.

The schools division of the campaign which Bagby will head will include Campbell and Camden High Schools, and 15 elementary schools in Campbell, Cambrian, Moreland and Union elementary districts. These 17 schools have more than 12,000 pupils enrolled, with over 500 teachers.

COUNCIL GETS PLANS FOR TRAFFIC SIGNALS

Mark Thomas, city engineer presented plans from the State Division of Highways at the meeting of the city council Monday showing where stop signals lights are to be placed at Campbell Avenue and at Union Avenue intersections with the San Jose-Los Gatos Road, and how Route 5 freeway will cross Los Gatos Creek after passing Hamilton Avenue.

There would be four stop signals at the Campbell Avenue intersection and the highway would be widened for four lane traffic for 450 feet both sides of the intersection.

J. B. Cobb, traffic manager for district 4, Division of Highways at San Francisco said yesterday plans and specifications for the crossing signals at Campbell and Union Avenues have been completed and are now in Sacramento where matters of this nature are handled and taken in the order of being received. They have been in Sacramento since August and he said it should be about the middle of October before necessary red tape is cleared away to get plans printed and then advertise for bids which should be opened in November. Actual work should be under way by December. He said there is nothing planned to eliminate the bottleneck on the stretch of road between Hamilton and Campbell avenues where there is a convergence from four lanes to two lanes, contending that the department considers this a temporary expedient until Route 5 freeway is completed and take most of the traffic load from the San Jose-Los Gatos Road.

Route 5 Freeway with four lane overpass at Hamilton avenue takes off toward Brynteson Ranch over which it goes to a Campbell avenue underpass.

Council referred to Joseph Bonacina, city attorney, application of Eugene Rendler asking for annex of 1.72 acres of Florine B. Reed property east of Winchester Road and south of St. Lucy's school on Kennedy Avenue.

By a 3-2 vote the council uphedr recommendation of the planners that property of Rosilio Stroppa on Harrison avenue be rezoned light industrial so he can operate his tile plant there. Site and building was formerly used as engine room of Hunt Cannery, and Council had previously by unanimous vote returned to planner the recommendation contending it was conducive to spot zoning. In the vote Monday, Councilmen Charles Rose and James Arends were against the rezoning for the same reason, but Councilman Gordan Daum and John Chargin contended a site improvement would be made and that proposed use would be an asset to the city. New owner had been unofficially advised there would not be a problem in rezoning, so had invested believing this to be so. Mayor Richard Morton cast the deciding vote in favor of rezoning saying it was a border-line case, but holding that it was not good planning. He said since there were no protests at either hearing, he would abide by recommendation of the planners.

Council accepted recommendation of Police Chief Robert Locke to hire Richard Mayne, 29, as patrolman to replace John Tawney, resigned. Mayne, former resident has served 18 months as patrolman for Monterey County Sheriff office, with assignment at Salinas. He worked five years in police work at Imperial County and one year with the sheriff office in Santa Clara County. He wants to live in Campbell so his children can all attend the same school.

Patrolman Darrell Rachford was promoted to sergeant effective October 1 after having been on the force for one year.

Council has no news about leasing a sweeper until a new one can be budgeted for, the only ones available being in use by contracting firms. Street superintendent LeRoy Black was instructed to keep on looking for this service.

Mayor Morton appointed Councilman John Chargin chairman of United Nations Anniversary Day on October 24th, and named Councilman Charles Rose chairman Disaster Relief days October 13 and 14 along with members of the health and safety committee, and he named Police Chief Robert Locke director of Civilan Defense Day on December 1.

The county building department can make inspections of properties for which they issue permits up to October 1, but after that date the city will collect the fees and make the inspections through W. L. Morser, newly appointed building inspector whose office in the Chamber of Commerce building will be open from 8 to 9:30 a. m. and 3 to 5 p.m. while inspections are made from 9:30 to 3.

Council authorized the street superintendent to buy a second hand truck for $959.

WINCHESTER ROAD PLAN LINES SET

State Senator Jack Thompson announced today that the Division of Highways will soon advertise for bids on construction of a 62 foot roadbed, 1.2 miles in length between Vasona Junction and Shelburne Way on Winchester Road and that some $250,000 has been allotted for the project.

In the meantime, Leonard Bushnell, county engineer today confirmed a report that all of Winchester Road from Stevens Creek Road to Vasona will eventually be widened to four lanes. He said the most dangerous portion of the road is that 1.2 miles for which the state made the allocation under Federal Aid Secondary County Route 996 funds. Plan lines on Winchester Road are being set from Vasona to the Campbell city limits to provide four 12-foot lanes and with shoulders.

FIRE HOUSE AND A PARK

There is to be need in the not too distant future for a fire station on the west side, probably the fastest growing area in Campbell. Plans are tentative, but if this measure is approved at the election October 18, the city will be looking for a site of about two and a half acres for a fire house and a small, neighborhood park. Now is the time to look for some such site before the area is fully developed.

The run to that area from the present fire station on Central avenue is very dangerous, as it must cross Winchester Road where children are crossing about ten hours each school day. Design of the new fire station would fit architectural style of surrounding homes and would be comparable to the present one, although smaller. It would have two pieces of equipment available to serve the west section of the city.

With the park, its maintenance would be assured, as the fireman in charge would care for the park as a part of his job. This will be the first step toward new recreational facilities.

While the new fire house is not now required by the Board of Underwriters, it would invite a cut from 6 to 5 in district rating, which would mean a reduction in general insurance rates. With present equipment, the rating was brought down from seven to six.

In the meantime, Campbell has a perfectly good fire engine from the Central Fire District settlement, and has to leave it standing outdoors for lack of any housing facilities.

Now is the time to prepare for the future in Campbell. It is a forward step, and a wise one, if we vote for the fire house bonds now. A site on the west side will be demanded by the Board of Underwriters later on as extensive construction is well under way, but by that time the cost will be much higher, and the right site not available.

WHAT IS FREEDOM OF THE PRESS?

Once a year, in the first week of October, newspaper week is proclaimed modestly in some respects, gloriously in others. Unless one seeks to understand what freedom of the press means to a community, a state or nation, there is not much use trying to talk about newspaper week.

There is so much taken for granted by the public. It sees the paper coming out as scheduled, with news and ads, pictures, editorials and cartoons. It hears about the payroll maintained in the community, and if there is some irrelevant question to be answered, the newspaper is called for an answer. Its bound files become community history.

The newspaper, regardless of some belief, keeps free of private interests, knowing full well that fidelity to public interest is more vital to its being. It maintains good faith with its readers because that is the foundation of good journalism. It is the factual medium of public expression guaranteed by the United States constitution. Freedom of the press, in summation, is the pulse of public opinion.

Good newspapers in the last decade have been put out of business because some nations failed to recognize this freedom. La Prensa, in Argentina, was one of those killed by a power riding the crest of a political wave. But as the wave collapsed quite recently, the little politician faded away, but not the spirit of the free press that was embodied in La Prensa, for today this great newspaper is being reestablished.

In America the free press goes on as a constructive force recognized by the President, the governors and the mayors. The newspaper, regardless of its number of pages, its circulation or its frequency of issue, is a force to be reckoned with — for it is an institution for public good, for community welfare and for family happiness seeking no greater achievement than to serve those ends.

THE SCHOOL THAT IS HOME

By now most California homes have settled into the annual school days routine. Elders have had a chance to take a deep breath and adjust to the unaccustomed daily quiet around the house.

It is a good time for parents to think about their role as teachers—for, after all, the most important school is the home. It is the school of the heart and the soul. Its courses are in loyalty, understanding, obedience and cooperation, the warming assurance of family love. On its precepts and its teachings depend largely whether its graduates are equipped for good works, or destined for delinquency.

A call to parents — especially mothers — to be alert to their home and community responsibilities to youth has come from the president of the General Federation of Women's Clubs, Mrs. Theodore S. Chapman. The problems of our younger generations would be far along to solution if we all could be guided by her words:

"Let us resolve to give our children the kind of security, love, and guidance that will make them mature as they should with self-discipline, tolerance, and integrity."

LETTERS TO THE EDITOR

Editor, Campbell Press:

To me, a comparative newcomer, I find much to be desired in my new home town. I cannot help but compare it with other communities nearby and I find it does not measure up.

I firmly believe that the majority of the people of Campbell feel as I do—that the city lags far behind its neighbors. A few, and perhaps this few includes some of your city officials, are quite satisfied with our town the way it is. There will always be a few who are satisfied — every community has a few. But these few do not build, they do not progress!

My family and I moved to Campbell because we knew the school system is rated very highly in the state and because we love the climate. We are also very pleased with our choice of this centrally located community because of the many fine people we have met here. We would be completely happy if we could but look with real pride upon this little city which is now home to us. We can't quite do that—and the reasons are obvious. The business section of our town for the most part require only a few "hitching rails" to look like a typical frontier town. Exaggerated? Perhaps, but the business sections of Campbell Avenue and Winchester Road would not impress anyone as two progressive streets. It is not hard to see why the people are finding it more satisfactory to shop in nearby towns than at home. Many of those with whom I have talked have frankly told me that the uninviting store front and in a few cases high prices is the reason for their out of town shopping.

Before I continue, let me say that this criticism in no way blankets all of the merchants and business men. There are a number of very progressive and fine stores and offices in Campbell. There is no need to mention them by name—they stand out refreshingly amongst those places of business which for some reason have not kept up a good appearance—and I dare say, profits!

Criticism can be good or bad. This is intended to be good. My only hope in writing this is that perhaps some property owner, some businessman or even some homeowner will read it and realize for the first time that the criticism is justified in regard to his place of business or property—And do something about it!

Not one of us really wants to see our towns as others do or hear the remarks made about it. But, the fact is, this is actually what they do see.

Store fronts badly needing paint and minor repairs—weeds growing against business houses — decrepit and faded signs—littered curbs—definite lack of street lighting in parts of the residential area—little in the way of sidewalks and curbs on Winchester Road—homes, old and out of place now, sandwiched between business and professional buildings—and to list one mistake, the responsibility of which could be pin pointed, a small residence recently erected on Winchester Road—a street destined to be commercial!

This criticism is not mine alone, many have expressed the same views as mine. Some have blamed this and some have blamed that. Where the blame lies, I, a newcomer do not know. The blame is certainly not with any one individual.

I cannot but feel that much of the responsibility can be placed directly upon merchant apathy—a lack of realization that progress always means progressive methods which in turn must lead to modern stores, clean streets and generally more attractive living.

Who would deny that a little paint would transform some of our business establishments?

The feeling seems to exist that what was good enough ten-twenty years ago is good enough today, but it just won't work—not if Campbell is to progress. And let me say this—Campbell is not progressing—it looks practically the same now as it did several years ago from my own observation.

Do you realize that our neighboring town to the south with less population and less population potential is growing—and rapidly?

I believe the experience of other small towns comparable to ours has proven that much blame also can be placed upon the City Council and other City officials. Sometimes City Council inaction—refusal to enact progressive ordinances or lack of proper enforcement of existing city laws can do much to hold a town back.

Our town has so many desirable features, such as fine schools, alert fire and police departments and our centrally located position with good highways and railroads means we have really tremendous opportunity for growth.

The day will surely come when we all can say with justifiable pride—I live in Campbell, the real heart of the "Valley of Hearts Delight". We have everything to make this a modern, desirable city except perhaps the vision and willingness to work with and improve that which our God so generously gave us.

This was not intended to offend anyone—rather it was written with the hope in mind that it might reopen the eyes of some who have lost sight of the needs of our town.

The Campbell Gambol

ONE DAY Before the premiere showing of the 1956 Ford cars, four of them were delivered to the Campbell Union High School for use in the driver education course and in accordance with a previously signed contract they would be available on that date, each of the cars being equipped with seat covers, turn signs and heaters, and they caused quite a bit of interest and some dubious thinking on the part of parents when told the 1956 cars were at the school before going in the showrooms . . . cars came from the Milpitas plant . . . Hillard Alfson is in charge of driver education course for both Campbell High and Camden High, with Bob Elmore, Gugat and Priddy instructing at Campbell and Gillespie, Runcie and Walker instructing at Camden.

SIGNS OF THE TIMES . . . . The street sign at Third and Campbell avenue sort of in a half-Nelson position, pointing in all directions . . . the mocking birds that suddenly returned with songs just as Daylight saving time went out, and it may be my imagination but it seems they are noisiest at daybreak which is much too soon for my getting-up time . . . the building activity at Winchester and Latimer where the shopping center is taking shape with a large market, three stores and a service station are in various stages of development, the new Campbell Methodist Church is nearing completion, new service stations projected by two major oil companies, and planning done for a group of stores and offices on the east side of Winchester road in front of the Garrison apartments.

BACK IN 1939 The Archie Keeslings helped organize the Footlighters Club of Campbell and had parts in some of the first plays . . . Mrs. Keesling was principal of the Cambrian Elementary School on Casey Road and Mr. Keesling was a builder . . . in 1947 they both retired and went on a six weeks vacation trip to Hawaii, only they decided to stay and make the land of the hula their retirement home in a little cottage by the sea to enjoy the tropical plants in their garden and especially the coconut trees that provide Mr. Keesling with material for his hobby making handcraft, serving dishes, baskets and plant holders for which there is a ready market . . . their daughter, Mrs. Margaret Courtney is a teacher in Kailua school, and their son Cecil is sperintendent of the printing department at the Kamehameha Schools . . . the Keeslings leave the Islands this Sunday for a Kiwanis convention in San Diego this also being their 44th wedding anniversary . . . . close to his heart is the Windward Kiwanis project of service to youth in which is sponsored the Keelau boys' home in the 7-12 year bracket . . . Archie Keesling, charter member of the Kiwanis Club is to be named Lt.-Governor of Hawaii by Kiwanis at the convention beginning October 15 when some fifty or more delegates from Campbell are signed to attend.

WHAT'S DOING

T. K. Nordheim, your Telephone Manager in Campbell

School children visit "Telezonia"

If your youngsters should come home from school some day soon talking about a fabulous land of puppets, here's what it's all about. An entertaining color motion picture called "Adventure in Telezonia" is now available to the elementary schools in this area. The movie is part of a special kit we telephone people have worked out at the request of teachers and with their assistance. We lend the kit to schools to help children learn how to use the telephone correctly. This is important. For the kind of telephone service you enjoy depends a lot on the way you and others use the phone. So the good telephone habits "Telezonia" is teaching school children will help make telephone service better and more useful for everyone. **Pacific Telephone works to make your telephone a bigger value every day.**

Away-to-school days needn't "break up" a family

Maybe there's a young man or woman in your family who's going away to school this fall. If so, you can still stay in close personal touch with each other, you know. For it takes just moments to travel from home to campus, or campus to home, by telephone. And a quick glance at the rates in your telephone book will show you how little it costs. Why not let low-cost long distance make family reunions a frequent event during the school year ahead.

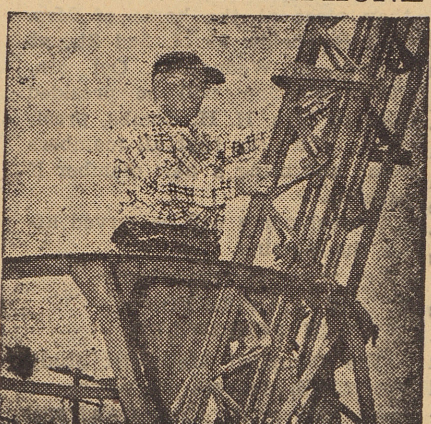
SCHOOL NAMED IN HONOR OF TELEPHONE EMPLOYEE



Recently Lester Shields was surprised to learn that the new elementary school under construction on Gay Avenue near White Road has been named after him. Lester, a telephone company cable splicer, has worked for the telephone company in San Jose over 26 years. He has been a trustee of the Alum Rock School District for 16 years. His daughter, Mary Lou, is a teacher at Horace Cureton, and her husband teaches at Lincoln Glen. Lester resides at 197 Vista Avenue, San Jose, with his wife, Ruth. *Pacific Telephone.*

CAMPBELL COUNTRY WOMAN'S CLUB IN FIRST FALL MEET

Campbell Country Woman's Club opened its 51st year Monday in a profusion of Autumn colors in the club house. Grape leaves, grape clusters, red and gold dahlias on the luncheon tables, wall and mantles provided the decor for the luncheon which was prepared and served by the board of directors.

Mrs. F. Albert Ellis gave the address of welcome while Mrs. Edna Smith read a poem in tribute to the first president of the club, the late Mrs. Ida C. Price, after which Mrs. Larry Critchlow, program chairman introduced Miss Adelaide Martin of the Ming Quong School at Los Gatos.

Mayor Richard Morton spoke on needs for a city hall, a fire station and a corporation yard, called for in the election here next month.

Miss Martin who has had a most interesting life in Mandalay and India drew upon her experiences to relate conditions and customs of these countries. Mrs. Richard Morton and Mrs. H. E. Willoughby acted as models for the demonstrations of the simple but beautiful dress of the oriental women.

Many silk and hand-blocked fabrics were shown by Miss Martin. She also told of her experiences in being evacuated from Burma to India in 1943, the schools in which she taught while there, and of her faith in the importance of knowing how to meet life in the day by day problems.

Miss Kathryne B. Williams, soprano and new choir director of the Campbell Methodist Church, accompanied by Mrs. Edith Van Rossen at the piano gave a charming recital of the following numbers: "Homing" by Teresa Del Riego; "The Last Song" by James H. Rogers; "Iris" by Daniel Wolf. Miss Williams is another talented asset to our community.

The October 3rd meeting was announced by Mrs. Henry J. Miller. The guest speaker will be Leonard McConnell of the "Family Service" department, San Jose, telling the growing importance of this agency in the community in relation to the growth of population in the county.

Catholic Women To Form Social Service Project

A special meeting of the 41 affiliates of the Santa Clara Council of the National Council of Catholic Women, will be held tomorrow night, at the Catholic Women's Center in San Jose, to discuss the formation of a Catholic Social Service Auxiliary. Mrs. Vladimir F. Fabris of Campbell, President of the Santa Clara Council, said, that because of the unprecedented demands on the services of Catholic Social Service, a Red Feather Agency, there is need for volunteer assistance in almost every phase of the agency's work.

Rev. Robert W. McDonald, Executive Director of Catholic Social Service, and Mrs. Helen S. Hansen, Executive Secretary, will address the meeting and present plans for the formation and operation of the auxiliary.

Giving Is The Secret Of Love

"To Love is to Give" explained Fr. Early, teacher of philosophy at University of Santa Clara and family life counsellor, in a talk Tuesday before the Campbell Kiwanis Club. He said that of some 1500 family matters on which he had been consulted, the problem resolves down to the point of making sacrifices for the happiness of others.

The program chairman was Herbert Neale, pastor of the Campbell Methodist Church.

St. Lucy's Parish Launches Annual Training Program

St. Lucy's Parish, continuing in the tradition of the Padres who first brought Christianity to this valley more than one hundred and seventy-five years ago, has reopened its annual course of free religious instruction. In announcing the resumption of this educational project, Father Dennis Kennelly, Pastor, stressed the indispensable need children have for a strong religious training. He pointed to the great responsibility of parents in the matter.

The program launched this year operates on three levels and is classified as follows:

Grammar School Level: Religious training for children not attending Catholic grammar schools. Immediate preparations are being made for the reception of First Holy Communion and Confirmation. Classes are held each Saturday at nine and ten in St. Lucy's school.

High School Level: Guidance to a deeper understanding of the faith; emphasis on living Christianity. Classes are held each Monday afternoon at 2:45 and 3:45 at St. Lucy's School.

Adult Level; This is a group composed of Catholic adults anxious to learn more about their religion and others who are interested in finding out what the Catholic Church does teach. Classes are held twice weekly, Monday and Thursday evenings, at St. Lucy's School. A detailed study of Christian ethics is about to be taken up. All are invited and will be made quite welcome.

Great Pocahontas At Netops Meet

The Great Pocahontas of California, Mamie Bodenhammer, paid her official visit to Netops Council No. 247, Degree of Pocahontas, when they met for their recent session. Trailing with her were Past Great Pocahontases Stella Ely, Laura Sporleder and Kathryn Keating. Also in attendance were Great Minnehaha Inez Means, Great Second Councilor Sarah Cunha and Great Second Scout Lucile Drake.

Twelve members of the council escorted the honored guest to her station and presented her with her gift of wampum. After seating the Great Pocahontas, the team performed a very colorful drill, working out the letters of the Order, F. F. & C., meaning Freedom, Friendship and Charity.

A full report on the forthcoming fashion show, October 14, was given by Mrs. John Morris, co-chairman of the event. Tickets are now on sale and can be obtained by any council member. Proceeds of the affair will go to better the funds of the Children's and Veteran's Welfare. All the garments and accessories are being supplied by Montgomery Ward of San Jose.

Mrs. Thelma Nelson and her committee served refreshments at the close of the session.

The first recorded meeting of Free Masons in California (then Lodge No. 13, now No. 1) was held at 726 Montgomery Street, San Francisco, October 17, 1849.

Explorer Crew Is Back From Sierra

Explorer Crew 28 sponsored by Campbell Kiwanis Club returned last week from a 12 day pack trip through the Emigrant Basin Wild Area north of Yosemite National Park. The group was taken by truck to the upper end of Dodge Ridge by Mr. Lloyd Brown, father of one of the Explorers. After spending the night at Gianellis, they packed over Birth Rock at 9500 feet, through Lake Valley, Whiteside Meadow and on to Upper Relief Lake to spend the night. Thin ice formed on the lake during the night, much to their surprise. The next day the trail led past Starvation Lake, Spring Meadow and Deer Lake and on to Buck Lake, their base camp for three days and nights. Here fishing, swimming and hiking were included in the program. Some made a raft in order to get out on the lake. Packing up again, the Crew left for Cow Meadow and set up camp. One group went up to Lertora lake where Art Hill caught a nice 16 inch Rainbow.

The next morning found the Crew going down the North Fork of Cherry Creek through beautiful granite canyons, then up and over a high ridge via a cross-country compass course, and to Yellowhammer Lake. Lunch was made at Big Lake, a very beautiful spot to which all the group hopes to return, then across tremendous open granite country to Pingree Lake on top of a high ridge where the night was spent.

The following day they hiked past several small, unnamed lakes and down to Hyatt Lake, a long deep lake in a granite gorge with beautiful white sand beach at the upper end. Here fishing was slow with Art Hill taking the largest, a 14 inch Rainbow.

An early start next morning got the Explorers out of the canyon by sun-up and up over the pass leading to West Fork of the Cherry and down into Louse Canyon via the "golden stairs", a very steep trail named by packers because of its abrupt ascent. A compass bearing and the trail up over another ridge and down into Stud Horse Meadows where lunch was had at an ice-cold spring. After a long day of hiking, Chain Lakes were a welcome sight and camp was set up at the lower Chain.

The next day saw the group on the Coffin Hollow trail, back above Mud Lake and over into Belle Meadow and the truck. A stop overnight at the Boy Scout Hi-Sierra Camp to clean up and then home to complete a wonderful trip.

The trip was planned down to fine detail by the Crew long in advance and preparation and planning paid off with very little extra weight and equipment being carried in packs. It was a fine experience in being on your own to the last degree while hiking some 85 miles.

Those participating were Gene Andres, Don Brown, Art Hill, Tim Sullivan and Ken Robison, Advisor.

PAUL BASHAM OF QUITO is one of the five chairmen in the Campbell area soliciting funds from businesses for the Red Feather Campaign.

GILMAN McMILLAN, former Quito School teacher and now with Hamilton School, showed colored movie "Flight to Tahiti" at Ladies' Night dinner Wednesday of the Quito-Saratoga Kiwanis Club. Oliver Upton is president of the club, Bill Christensen, first vice-president and program chairman, and C. E. Bradley is secretary-treasurer. New chairman is Bob Magnuson, who is compiling the weekly bulletin.

MISS ANITA KORTS, sister of Mrs. Wm. Christensen of Sobey Road, is staying with her parents next door, Mr. and Mrs. William F. Korts. The Korts celebrated their 50th wedding anniversary with a dinner for the immediate family on Saturday night, and with a reception for friends and relatives on Sunday. Miss Korts is executive director for Camp Fire in the Los Angeles area.

MRS, HERBERT J. HOOVER, wife of the Quito Baptist pastor, was honored by a baby shower sponsored by the church's Ladies Missionary Group. Co-hostesses were Mrs. Wanda Harms and Mrs. Marian Kline, at whose McDole Avenue home the gathering occurred. Other women present were Mrs. Virginia Griffin, Mrs. Elsie Matulewics, Mrs. Hazel Hopkins, Mrs. Joanne Ralston, and Mrs. Jean Martin.

ABOUT FORTY WESTINGHOUSE employees chartered a boat at Santa Cruz over the week-end and went a-fishing. Among the Quito people aboard were Dick Leeper and Herb Clark. Reports are on no large fish but lots of ling cod.

IT WAS A LATE VACATION for the Glen Major family of McFarland Avenue, who visited relatives in Colfax, Washington, where there are four generations of Majors, then spent a few days at Moscow, Idaho, with grandparents. En route home they stayed a couple of days in a cabin at Lake Tahoe, with side trips to Reno and other little towns. The children are Bruce and Kathy, who loves to answer the phone and does a good job of it with her: "Who is it, please?"

THE JOHN P. LINGER family will be moving out of Monta Linda tract and into a new home in White Oaks Manor. While the children will be in the Cambrian School district, the mother-singer group Mrs. Linger started last Spring will continue to function in the Moreland district. In addition to Mrs. Linger, other mother-singers are: Mrs. Virginia Biggam, Mrs. Mildred Clark, Mrs. Leatrice Periandri, Mrs. Louise Pearce, Mrs. Opal Barton, Mrs. Laura Neale, Mrs. Aileen Purdy, Mrs. Virginia Wolfram, Mrs. Norma Hoover, Mrs. Evelyn Prinz, Mrs. Lou Schlobohm, Mrs. Beverly DeLisle, Mrs, Juanice Boren, and Mrs. Brenal. These women made an excellent impression at some of last school term's PTA meetings with their lovely voices.

QUITO SCOUT TROOP 67 had a meeting of fathers last week, and Lester Prinz was named new scout master, with Ralph Muzzi and Bob Martindale assisting. Harry Feltman is explorer advisor, secretary is Claude Cunningham, and treasurer, Robert Rodriguez. This troop plans to meet every Thursday.

CAMDEN HIGH SCHOOL PREPARING BUSY ATHLETIC PROGRAM

First Pep Rally Today For Teams

A pep rally this afternoon on the football field at the high school will see some 1800 students cheer the 1955 Buc Varsity football team on to victory in the game here tomorrow with Lincoln High Lions. Leading in songs and yells will be the new cheerleader Priscilla Lujan and the high school band under the new music teacher, Roald Perkins.

The Buc Rally Commission has given Campbell High School the reputation for being "the high school with the most pep" by winning the San Jose State College Judging Committee's highest honors for the past two seasons. The Spirit group, led by advisors, C. P. Klassen and Miss Wyland, are out this year to make it three in a row. These instructors have met with the cheer and songleaders every noon for the past two weeks. Last week they conducted a successful Frosh Rally, in which new high school students were helped to learn the rousing Buc songs and yells.

Physical Education at Camden is running along remarkably well, according to George Miskulin, Supervisor of Health and Physical Education in the Campbell Union High School District.

Students at Camden are now participating in social dancing during the P. E. period. In the near future, they will be able to take advantage of the new gym, which is to be completed sometime during October. Sport facilities already completed, include a football turf and outdoor basketball and volleyball courts.

Turning to interscholastic sports, Junior Morgan, head coach, and his two assistants, Jim Gillespie and Bill Walker, are priming the boys of the Frosh-Soph Football Team for their first game which will be Wednesday, October 12, at Willow Glen.

In the way of basketball this fall, Camden will send both a C and a D outfit into participation in the SCVAL. The two teams will see first action against Lincoln today. Their coach is Chuck Crampton.

Come this winter, interscholastic competition will include basketball and wrestling; while next spring track, baseball, swimming, and tennis are scheduled.

The Bucs new Junior Varsity football coach is Wade Wilson of San Jose State who was acting publicity director last year for the Spartans while Danny Hill was working for the NCAA. This year, Ken Duddridge is coaching the Bucbees with the help of Harold Raley.

HIGH SCHOOL NEWS NOTES

By Bob Olson

Teacher of Agriculture, Al Smith, who is also a well known Santa Clara Valley farmer, is on a year's leave of absence from the high school. He will be earning his M. A. in health education at CAL POLY in San Luis Obispo. Smith recently returned from one of his picturesque, cross-country, 36 state tours and then headed south "to be a student himself" for a change.

Representing Campbell High at the meet last Saturday of North Central Coast Homemaking Teachers in Los Gatos was sewing instructor, Dorothy Miller, who led more than 100 northern California Home Economics teachers in a helpful panel discussion on "Cooperative Planning."

First high school assembly of the year took place in the auditorium on Tuesday when students heard "The Troubadors", a nationally known quartet which specializes in Negro spirituals. Local assembly programs will continue on Tuesday mornings; many of the same programs during the year will be repeated Tuesday afternoons in assembly program in the new Camden High School cafetorium, to give students in both high schools equal benefits of education.

Local Spanish teacher, Eugenio Gamez, spent the summer in Mexico City while working for an advanced degree at the new University of Mexico.

Eric Protiva, the boy who came to Campbell from Iran and overcame all the language and cultural barriers so admirably, won't be playing football for the Stanford Indians this year because of a broken foot which will stop him from playing tackle until next season.

The three first Worlds Series games are being heard by high school students during their lunch hours in the auditorium this week. Most students seem to pick the Yankees to continue their mastery over the Dodgers.

CAMDEN HAS 81 OUT FOR FOOTBALL

Gym suits have been used for workouts for 81 candidates for the Camden Cougars football team and fifty of this number are being issued suits this week by coach Junior Morgan. Mostly the workout has been with calesthenics, as turf is but three weeks old.

First game will be October 14 with Willow Glen.

The team has been going through a series of tests, including passing, catching, centering the ball, dodging bags and hitting bush back air dummies.

One dressing problem centers around 13-year-old, 158-pound Mel Profit who is seeking a pair of size 14 shoes. Morgan is exhausting every corner to fit the boy, but that size is not made frequently. Mel is brother of Mike Profit, 195 pound Campbell tackle.

As for experience, Morgan finds only nine boys who have played before, all of these sophomores who did their first year at Campbell. Dave Rogers, a fullback, and Dick Welch, an end, played for the Buccaneer Jayvees.

Six candidates who played under Morgan when he was Campbell B coach last fall are: Center Kevin Gugat, 171; Tackle Paul Jacobus, 180; End Dave Luhring, 145; Tackle Warren Roberts, 163; End Dick Thaxton, 127; and Halfback Carl Sorenson, 148. Jay Risso, a 135-pound quarterback, played frosh-soph at Carlemont last year.

BUCS TO FIELD STRONG DEFENSE TEAM TOMORROW

by Bob Olson

The Varsity football squad of Campbell High School opens its 1955 season at 3:15 tomorrow afternoon on the local field in a practice game with Lincoln High School of San Jose, a team that has three "stars", speed to burn, a lot of enthusiasm, and one of the best ends in Northern California. The Lions last year had a commendable 7-2 record in the tough Peninsula Athletic League, and this year return with five lettermen. Tops among them is Wayne Thush, regarded by many as the greatest athlete ever to play for Lincoln High School, as well as a sticky-fingered pass receiver. Helping carry the Lincoln load are guard Ron Pierce, a lineman, and back Dick Brown, a tremendous punter and passer, our scout tells us.

Buc Coach Jim Muir considers Liincoln a real threat.

The Campbell eleven has a strong line but an untested backfield with seven "Block C" lettermen left from the SCVAL championship squad of 1955. A strong defensive team includes Tackles Mike Profit 199) and Roger Lukehart (195), Guards Fred Esparza (183) and Hector Cordova (187), Center Gary Lamb (164), Ends Tom Clark (178) and Dallas Sutton (185), are the pillars of what should be the toughest line to crack in the conference.

T Quarterback Jerry Sutton from Las Vegas will be trying to fill Gallego's shoes this fall and Tony LoBue, who is a fleet open field runner, will probably start tomorrow's game at right half. The fourth back will be chosen between Tom Jenkins and Buddy Scribner, both of whom have shown a lot of promise so far.

This year's conference race begins next week and should be a fight to the finish between Fremont, Santa Clara, James Lick, and Campbell. Neither Washington nor Mountain View promise to be the doormats they were last season, and this will undoubtedly be a year of more "upsets" than ever.

Lightweight Hoop Teams Lose Pair Of Games Monday

The C and D basketball teams of Campbell High went down to a double defeat, 28-22 and 43-29 by the Willow Glen Rams here in the Campbell High gym on Monday.

A game D squad in the initial contest hustled back from a 17-8 first half to close the gap to only six points. High point man for Campbell was Benny Lujan, who scored nine points. Also scoring for Campbell were Fred Tashuro with 5 points, David Sonsini, 4, Dennis Yosuda, 2, and Dale Cory, who tallied 2 points.

Leading the taller Rams to victory was John Wagle, who registered 13 points.

In the second contest, the 'C' team of Campbell jumped out to an early 10-6 first quarter lead, only to fall into the clutches of a cold streak and fall behind by 18-13 at the half. In the last two quarters the aggressive unit from Willow Glen, spearheaded by Dick Dean, who basketed 14 points, pulled even farther away.

During the game, the action was always fast, and the outfought local boys never stopped trying. Leading them, Harvey Takaha was credited with 9 points. Others scoring included Dave LaBarbara, 7 points, Bill Major, 6, Victor Itow, 3, John Montilla, 2, Jim Craig, 1, and Donald Yee, with 1 point.

After the games, coach Bert Robinson stated that he was satisfied with the performance of his boys and went on to say that they showed promise.

The first league game for both the C's and D's will be at Sunnyvale, October 6.
